THE JAIN WORLD SCHOOL
... Making Your Child's World Better

SHRINATHJI GROUP OF INSTITUTIONS

• The Jain International School • The Jain Little Champs • Shrinathji Teacher Training and Development Centre

*DARE TO BE FREE
DARE TO GO AS FAR AS
YOUR THOUGHT LEADS
AND DARE TO CARRY THAT
OUT IN YOUR LIFE.*

- VIVEKANANDA

Educational Philosophy:

To nurture the physical, social, cognitive, emotional and spiritual aspects of our children, **THE JAIN WORLD SCHOOL** provides a loving environment with emphasis on the developmental stages. We believe children learn as they play. We welcome children regardless of race, colour, age, sex or national origin.

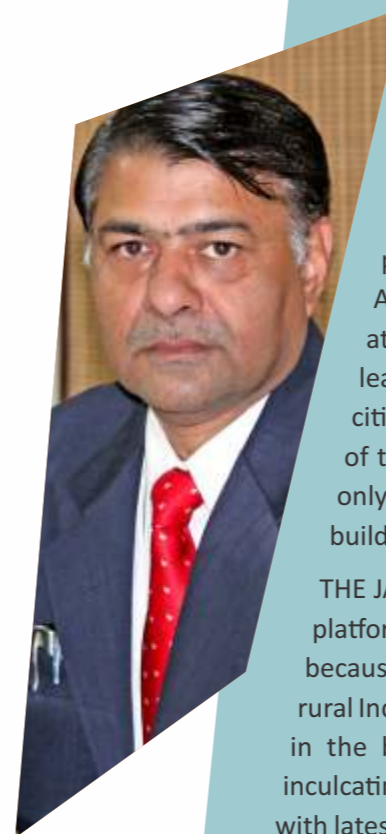

About us

Established in the year 2015, The Jain World School is being run by Shrinathji Group of Institutions which is a renowned name in the field of education for over a decade now. The group is also running The Jain International School, ranked No. 1 in Day-cum-boarding Schools of Uttar Pradesh in the city of Kanpur. Shrinathji Group of Institutions is being run under the able supervision of its Chairman Shri Amar Nath Agarwal and Managing Trustee Shri Kapil Agarwal. With a professional administration, dedicated staff, emphasis on usage of advanced technology and state of the art infrastructure, The Jain World School has created a niche for itself in a short span of time.

Mission

At TJWS all students will have the opportunity to explore their full potential through hosts of academic, sporting, artistic and cultural activities provided to them in a friendly but disciplined environment. Each student shall develop such characteristics which would help them to mingle with the national and international society in a manner which helps them contribute to making this world a better place to live in.

Message from Chairman

Education is the process of facilitating learning. Knowledge, skills, values, beliefs and habits of a group of people are transferred to other people through storytelling, discussion, teaching, training or research. At THE JAIN WORLD SCHOOL we provide every child with an atmosphere and curriculum where he can make this very process of learning a journey to cherish and evolve himself into a world class citizen. A thoroughly trained and concerned faculty along with the state of the art technology and numerous activities allow the students not only to realize their full potential but also provide them a platform for building a successful and respectable career.

THE JAIN WORLD SCHOOL aims at providing its students with an even platform to express themselves and showcase their talents. This is because I genuinely believe that the soul of the country still exists in the rural India. The talents that these students possess need to be groomed in the best possible manner. THE JAIN WORLD SCHOOL aims at inculcating traditional values and virtues of our great culture coupled with latest teaching methods and technology in every child who comes to us. Our main aim is to empower these young minds to an extent where they start feeling their responsibilities, not only for themselves but also for the society as a whole and gain respect and admiration wherever they go.

GOOD LUCK AND BEST WISHES.

Amar Nath Agarwal

Message from Principal

Welcome to The Jain World School!! At TJWS, our goal is to provide enriching opportunities and meaningful experiences to all students. As a staff we continue to work hard to develop an academically rigorous and socially engaging school environment which facilitates personal growth and challenges our students to reach new heights.

We see ourselves as a learning community where our primary focus is to enrich the learning of the children and to prepare each child to become a self-managing learner. We hold the belief that every child will be provided with the opportunity to achieve success and develop pride in his/her achievements. We encourage and value parent involvement in the school. It is the close co-operation between parents and teachers that ensures quality education experiences for our students.

Our goal is to provide a school environment where pupils are safe, secure, happy, co-operative and where our key focus is on learning.

Alpana Sahai

at The Jain World School (Nursery to U.K.G)

The Pre-primary stage is the foundation of every child's basic education. At this stage, the child is introduced to the basic skills of learning through the Play-way method. The following points highlight the educational pattern for little champs at The Jain World School :

Academic content starts in PLAY GROUP with the children experiencing the concepts of number and quality.

- Children are introduced to the materials in an orderly sequence and logical progression. Through this they develop their capacity for logical and orderly thinking.
- Small Number of students encourage maximum teacher – student interactive and personalized attention.
- To reduce the burden of heavy bags, shelves are provided for every student within the classroom.
- Specially designed Activity Room stocked with Educational Play Systems, Toys and Games that help the little children to enhance their cognitive, problem solving, motor and muscular skills.
- A Performing Arts area to train students for public performance & develop confidence before an audience thus getting over stage hesitation.
- The school lays great stress on inculcating in its students the Indian Cultural Heritage and Traditions by celebrating all important Indian festivals and birthdays of great leaders and philosophers. Special Days like Mother's Day, Friendship Day, Grandparent's Day and Smiley Day etc. are celebrated through special assemblies.

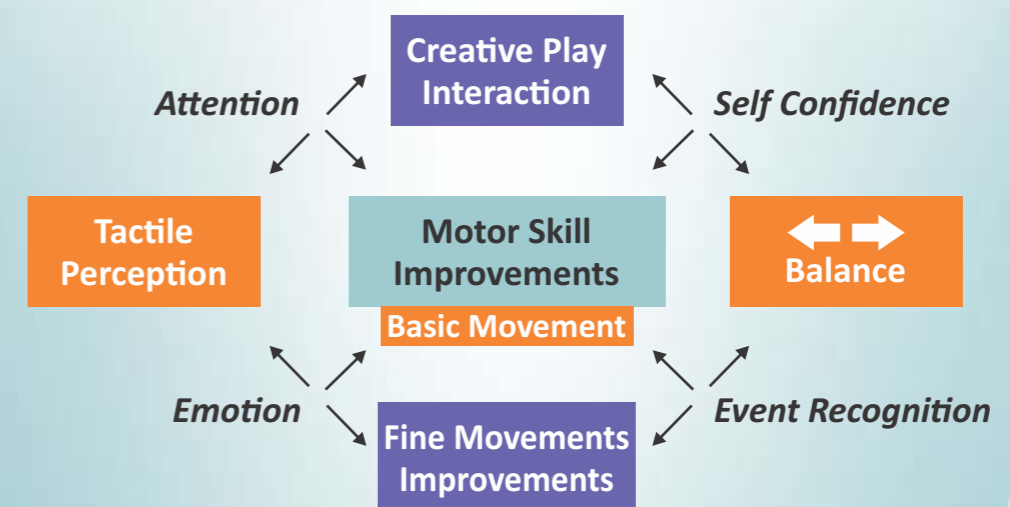

The Jain World School, through its Junior Section - Little Champs aims at providing the young kids with an opportunity to excel early in life and build on their basic skills. It's important for students to get a loving and caring atmosphere under trained teachers in the early part of their educational life cycle.

Challenging Academics

(CBSE –I CURRICULUM)

Academic content starts in PLAY GROUP with the children experiencing the concepts of number and quality . Before entering Primary, they work on their Gross motor skills, Fine Motor Skills , Cognitive Skills, Writing and Reading skills and do many extended language activities. Following CBSE-I Curriculum- From age six onwards imagination develops and children become interested in the world at large. They are exposed to a vast integrated curriculum including all subjects. This holistic way of teaching allows for the interest and motivation to develop. Children can work uninterrupted and therefore in full flow. Joy for learning also develops through a level of freedom and decision-making.

Five Areas of Holistic Development

Sports

Sports form an extremely important part of the overall development of children. Not only do the sporting activities help these students to remain fit but they also help the students to relieve the stress which they go through due to their day to day hectic study schedule. Sports also form an integral part in a student's career development as universities and colleges do give advantages to students with special sporting abilities.

THE JAIN WORLD SCHOOL realizes the importance of the over all development of students and has provided them with a right balance of studies and sports..

INFRASTRUCTURE: THE JAIN WORLD SCHOOL has provided its students with ample infrastructure for the purpose of enjoying and playing the sports of their choice under the supervision and guidance of sports coaches.

The School has

- a) A multipurpose play ground where seasonal sports are played throughout the year
- b) Cricket with Net facilities
- c) Basketball court

Swimming

The Jain World School intends to build a swimming pool in its next academic session to provide basic training of swimming to its students.

Indoor Sports

The Jain World School has a sports room which promotes indoor games like Chess, Carom, Ludo, Table Tennis, etc.

Co Curricular Activities

There are a plethora of co-curricular activities which are woven into the academic timetable and which take place during the activities periods.

Fine Arts:

Children are given exposure to the Fine Arts through activities in the Performing and Visual Arts. Sing, dance, draw, mould a pottery vase or learn the violin – children can do it all at THE JAIN INTERNATIONAL SCHOOL. Each activity gives unique opportunities for creativity and development that caters to a child's passion and interest.

Performing Arts :

DANCE

Let your life lightly dance on the edges of Time like dew on the tip of a leaf.

- Rabindranath Tagore

MUSIC

Music is the movement of sound to reach the soul for the education of its virtue.

- Plato

THEATRE

I think there is no world without theatre.

- Edward Bond

Media Skills:

Fundamental to the development of a strong and confident personality is the need to be able to express yourself clearly, knowledgeably, confidently and with conviction in a variety of situations.

Nothing helps channelise this more than a basic training in Media Skills. In fact, careers in the Media are becoming more lucrative and sought after than ever before.

Visual Arts:

Art is a rendering of the world and one's experience within it. In this process of creating art forms, we encourage our children to consider the visual arts as an area to create content, impacting and being impacted by other areas of learning, to ensure they develop artistic skills that are relevant in this visual age.

Campus Infrastructure

The Jain World School has been built in an area of 6 acres and has a 24x7 power back up facility along with a beautiful garden, a science park and a playing field. We offer not just classrooms but also workshops for learning.

- Flexible and Spacious subject-based classrooms.
- All teaching areas are equipped with technological aids: a PC Projector, Camera and Visualizer.
- Modular furniture used by the Primary School allows the rapid reorganization of the classroom to accommodate group work and differentiation demanded by the CBSE Curriculum..
- Extensive display boards in every classroom provide space for the acknowledgment of students' work and achievements.

Smart Classrooms:

- Every classroom is equipped with state-of-the-art audio-visual facilities which include a projection system backed up by audio paraphernalia to assist presentations & interactive sessions.
- A combination of leading IP-based control processors, AV matrix switchers & a touch panel provide narrowcasting, paging, lighting control & BGM facilities in an exceptionally versatile manner where every classroom works as an independent unit.
- Our content team, led by eminent academicians, delivers relevant syllabi-mapped digital content to bring lessons to life through rich 2D-3D multimedia & active participative learning and transforms the classroom to a state-of-the-art learning hub.

Laboratories:

The School has a composite science lab as well as a Maths lab to meet the requirements of the students. The Schools aims at having separate Physics, Biology and Chemistry labs in coming years as per the requirement of CBSE.

Computer Lab And English Language Lab: The Language Lab and Computer Lab equipped with over 20 computers, runs software that helps develop oral proficiency in the modern languages. Students are educated and trained to use computers .English, as a language is not only taught in classrooms but emphasis is laid upon special training of students at The Jain World School when it comes to learning English as a medium of language.

Infirmary

The school Infirmary is well equipped with proper beds for the students as well as basic medication facilities. A full time nurse has been appointed by the School for the purpose of attending the students .First Aid is immediately provided in case of emergency.

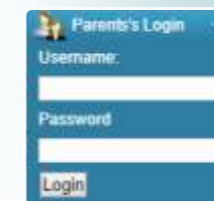

Library :

A state of the art library containing books collected from various resources is an inviting zone for resource work, reflection and reading at The Jain World School.
